questions to ask your youth

"Deconstruct" is our series where we hope to help youth unpack their faith before they leave home and youth group. Do they believe on their own? How can we encourage asking questions?

- 1) Why do you think some leave the faith once they leave youth group?
- 2) In what way you own your faith as opposed to depending on others??

pray for us & praise God with us!

- **Parent Involvement.** Grateful for those reaching out to help from financial assistance to other families, considering being Youth Leaders / Helpers and attending things like the Parents Tea. If you're thinking of being more involved please reach out to us.
- **Teo and his family.** Teo Shuli and his family moved to the UK in the summer and his heart condition has proven to be a major challenge to the family, Please continue to pray for healing and/or a new heart as at this writing, he is on a ventilator in Bristol.
- **Loft Open House.** After weeks of renovation and clearing, and a huge grant from the church, the youth have now an amazing space. Parents were also able to take a peek and pray last 25 Feb.
- **Spring Retreat.** Pray for all the planning especially with the Fundraiser to help families. Pray also for Youth Pastor Jamie as he visits St. George's House on 15 March.
